Introductory

The sixth revised edition of Polk-Husted Directory Co.'s San Jose and Santa Clara County Directory is presented herewith and the publishers feel confident that it will meet with the approval that has been given to the former editions of the same work. All information has been gathered from original sources, and the entire city as well as all towns in the county have been carefully canvassed by men who devote their entire time to work of this nature.

In no line of business is experience more necessary than in directory work, and the experience gained in more than forty years in this kind of work has been used to great advantage in producing the present volume.

A complete Business Directory follows in which are listed all persons doing business in the county under their appropriate heading. This Business Directory will be found valuable as a purchaser's guide by both local and foreign patrons.

The Directory is a necessity in every community. No publication is more generally used. No better advertisement for a city can be sent out to all parts of the country than a representative City Directory, this is done for San Jose and Santa Clara County by means of our exchange system whereby a San Jose Directory can be found in all the prominent directory libraries of the country.

This volume contains the names of 25,423 residents of San Jose and suburbs, an increase of 533 names over the Directory of 1911.

We are indebted to our patrons for their continued support and for the courtesies extended to our representatives in supplying information.

Respectfully,
POLK-HUSTED DIRECTORY CO.

SECTION 28, COPYRIGHT LAW, IN FORCE JULY 1st, 1909.

"That any person who willfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars, nor more than one thousand dollars, or both in the discretion of the court."

HOTEL VENDOME

A REVIEW OF SAN JOSE AND SANTA CLARA COUNTY.

By Joseph T. Brooks,
Secretary Chamber of Commerce.

San Jose was founded in 1777 and was the first Capitol of the State of California. It was one of the first settlements by the Franciscan Friars, and the Mission established by them at Santa Clara was a part of the chain of Missions built along the El Camino Real, or King's Highway, which extended from San Diego on the south to Santa Rosa on the north.

The pronunciation is true to the soft Spanish accent, which is distinctive. "J" has the sound of "H", and "E" the sound of "A"; San—Ho—Say.

San Jose is called the Garden City of California:—it is modern; the people are progressive, wide awake, and alert to make this section one of the attractions of California. It has the natural conditions and needs slight assistance.

The City is located in the heart of the Santa Clara Valley, and from the earliest habitation, Santa Clara has been a choice abiding

place for man; in various parts of the valley the Indian mound builders have left mute evidence of their existence.

An Indian village on the northern limits of the present site of San Jose, marked the first congregation of an organized community, and with the advance of the civilizing influence of the Franciscan Friars came the selection of a site for a Mission near the City of Santa Clara, about three miles distant.

Then came the advent of San Jose and Santa Clara as municipalities. San Jose is well situated at an altitude of from ninety to one hundred and fifty feet elevation; beyond the city limits the rise continues gradual until the foothills and mountains are reached, the latter, on either side, reaching an elevation of three thousand feet.

Many buildings of steel and stone, Class "A", from two to nine stories, also large concrete buildings from three to five stories in height, form a feature of the business center.

There is a feeling of security in the investments, because the growth of the city has been gradual, and a boom is not in the order of the controlling element.

Miles of paved streets have been built and are now in the course of construction, or contemplated by property owners.

The citizens of Santa Clara County raised, by popular subscription, a fund of \$175,000.00 to build a Y. M. C. A. building, which is now in the course of construction. It is a magnificent four story reinforced concrete building.

The Chamber of Commerce is a strong organization with handsome new quarters which includes large Convention Hall, Assembly Hall, elegant Directors room, Committee room, up-to-date Exhibit hall, fine offices and ladies Rest Room, all on one floor, in the heart of the City under the famous Electric Tower 207 feet high.

San Jose unanimously voted a bond issue for over three hundred thousand dollars for civic improvements; of this, \$100,000.00 was for improvements in Alum Rock Park, and the building of a bath house in the park which will be the equal of anything on the Pacific Coast.

Alum Rock Park is a beautiful natural park of about one thousand acres, six miles from San Jose, connected by electric line, and is a city reservation, free to all. Sixteen developed mineral springs furnish curative properties to the public free for the asking.

San Jose is a cosmopolitan center, and a distributing point for railroads. A network of electric lines and steam railroads, center in the city and diverge to every part of California.

Ninety-five steam railroad trains arrive and depart from San Jose daily, and the Peninsular Railroad, an interurban electric, and the San Jose electric connect the cities and the rural districts in the valley.

The educational advantages of this section deserve special mention. Because of the delightful surroundings, climatic condi-

tions, soil, pure water, and its abundance, scenic effect and social opportunities, many are making this section their home to educate and raise their children.

That part of San Jose included actually within the city limits has a population of 28,949, an increase of 7449, or 34.6 per cent according to the report of the Census Bureau at Washington, D. C. According to the same official report from the Census Bureau, the territory known as Greater San Jose, has 41,738 people. The Commercial or Metropolitan population which includes that territory which immediately connects with and is directly a tributary to San Jose, would estimate 50,000 people.

Santa Clara County, including San Jose, is the fourth largest county in point of population, in California, and has a population of 83,539.

San Jose is well supplied with hotel accommodations and has become known as a convention city. The Auditorium is able to seat six thousand people. Her banks are very substantial in point of finance and building. The bank buildings from two to nine stories tall are a credit to the community. The clearings average \$2,500,000.00 per month, and the deposits will reach \$50,000.00

The surrounding country is a vast field of production and the horticultural industry has reached enormous proportions. It is estimated that from 6,000 to 8,000 carloads of fruit are shipped out of this valley every year to all points of the compass.

The climate is delightful and the summer as well as the winter, attracts the visitor. Some of the attractions may be summed up as follows:

Lick Observatory on Mount Hamilton, 4,209 feet elevation, 25 miles from San Jose over a beautiful roadway built by James Lick who also endowed the Observatory. Daily stage or automobile. Luncheon served at Smith Creek.

Around the loop—Congress Springs, Saratoga, Los Gatos, Campbell, and San Jose, a beautiful electric trip of thirty miles.

Site of Santa Clara Mission and original cross planted in 1777. located at Santa Clara on car line from San Jose, easy of access.

Alum Rock Park and orchards through eastern foothills.

The Blossom Route includes a trip through the western part of the valley, and through Los Altos, Monte Vista, Stanford University and Palo Alto.

San Jose Golf and Country Club.

Almaden Mines, the famous old quicksilver mines of California.

Lomas Asules, and Evergreen, a beautiful trip to the eastern foothills.

GARDEN CITY BANK BUILDING.

Capital Stock, Surplus and Profits, \$500,000.

Luna Park, for general amusement, on car line.

Alviso, eight miles to the north for boating, fishing and duck hunting.

Edenvale, place of beautiful homes and fine orchards. (South of San Jose).

Berryessa Drive, to the northwest.

Santa Cruz Big Trees, twenty-seven miles from San Jose. Sem-pervirens Park, a State Park about twenty miles from San Jose and at present visited by way of Boulder Creek. (Immense redwoods).

St. James Park, located in the center of San Jose.

Gilroy Hot Springs, near Gilroy, on the main line of Monterey Road, south from San Jose, is well worth the trip; stages meet the trains.

A trip to Uvas, on the Llagas in the mountains back of Morgan Hill and Madrone, is a pretty mountain drive.

Educational Buildings: State Normal, High School, Carnegie Library, Notre Dame College, King's Conservatory of Music, College of the Pacific, Santa Clara University at Santa Clara, Stanford University at Palo Alto, Business Colleges, Washburn's Private School and many Grammar Schools and private institutions of learning.

Public Buildings notable are the County Court House, Hall of Records, Hall of Justice, City Hall, Post Office, and many bank buildings, from the top of which one may have a fine view of the valley.

San Jose has many beautiful and new church buildings which are a credit to the city.

The city is beautifully decorated with shade trees and palms, and there are miles of well graded streets. The amusements in the city, theatres and otherwise, are equal to the requirements.

Throughout the county our roads are good and it has become a paradise for the motorists. Three hundred miles of road are watered during the summer months and we have a total of 962 miles, all of which extends to the secluded recesses of the mountains, wild and weird, though picturesque in every detail.

Area of Santa Clara County, 1,355 square miles, or 867,200 acres. Acres assessed, 729,905—8,000,000 fruit trees; 53,000 acres planted to prunes; 7,000 acres planted to seeds.

A visit to each of the cities and towns of the valley will prove interesting, as all have a distinctive feature, and a trip to every part will be enjoyed. Following is the list: Palo Alto, Los Gatos, Santa Clara, Mountain View, Campbell, Sunnyvale, Morgan Hill, Mayfield, Saratoga, Los Altos, Cupertino, Monte Vista, Coyote, Alviso, Milpitas, Wrights, Alma, San Martin, Almaden, Edenvale, Evergreen, Berryessa and Linda Vista district.

CAMPBELL

Post telegraph and Express offices,
on the S P R R narrow gauge, 5
miles southwest of San Jose.
It is the center of the largest
fruit growing and drying sec-
tion in Santa Clara Valley. This
section is watered by the Los
Gatos Creek, from which irri-
gating canals radiate in
every direction. There are four
excellent schools within a
radius of one mile, and two
churches—Congregational and
Methodist Episcopal. Two of
the largest fruit driers in the
county are located here, besides
six or eight smaller concerns,
and one fruit cannery. Camp-
bell has also one bank and
newspaper.

GILROY.

Gilroy City, on the Coast Division
of the S P R R, 30 miles south
from San Jose. Population,
2500; the business center for
the 6000 people in the southern
end of the county; is an old
town, but a substantial, grow-
ing place, with a rich territory,
producing large quantities of
hay, grain, fruit, vegetables,
cattle, dairy products and hogs.
Near here are the largest seed
farms. Near by, in the moun-
tains, are the famous Gilroy
Hot Springs. Well equipped
grammar and high school.

MOUNTAIN VIEW

Is situated in the agricultural re-
gion of the Santa Clara valley
on the S P R R, 39 miles from
San Francisco and 11 miles
northwest of San Jose. The
new part of the town has
grown up near the railroad; the
old town is on the San Fran-
cisco road about 1 mile from
the railroad station. It has
post, express, telegraph and
telephone offices

NEW DORMITORY FOR WOMEN

College of the Pacific

Founded in 1851

Courses lead to graduation with the degree of Bachelor of Arts.

A thorough collegiate education under beneficial influences and amid congenial surroundings is assured. The standards are of the highest.

For information, address the President,

WILLIAM W. GUTH,

San Jose, California.

Pacific Conservatory of Music

Oldest Conservatory on the Coast

Under the direction and control of the College of the Pacific.

Instruction in Music leads to graduation either with the degree of Bachelor of Music or a diploma of graduation. Special courses for Music teachers.

Students in Art or Elocution receive a Diploma of Graduation upon completion of the course.

CONSERVATORY CHAPEL WITH PIPE ORGAN

College Park Academy

Under the direction and control of the College of the Pacific.

A Thorough High School course. Students, on recommendation, are admitted to College or University. Accredited by the University of California.

For information, address,

PRESIDENT WILLIAM W. GUTH,
San Jose, California.
